

Chubb Insurance

Chubb is different from other insurance companies. For us, insurance is about creating certainty rather than doubt. Instilling confidence and peace of mind, not fear. We do this by getting to know the people with whom we do business. We listen closely so that we can respond with the insurance solution or advice most appropriate for you. How? Because rather than aim to be all things to all people, we specialise in insuring the kinds of situations and industries we know really well. Our people take pride in their respective areas and are on hand to give expert advice.

Chubb Insurance Company of Europe SE (“Chubb”) provides specialist commercial and personal lines products. It is part of the NYSE-listed Chubb Corporation with more than 120 offices in 28 countries worldwide. Chubb earns exceptionally high ratings for financial strength from the leading credit rating agencies. Rated A++ (superior) by AM Best.

Market leading service and products

Chubb is well known for a “customer-first” approach to service around the world, which sets Chubb apart from some other companies whose business is built on volume rather than service excellence. The “Masterpackage” product is recognised as a “market leading” wording that is broad in its coverage, completely warranty free and designed with the customer in mind to match their needs.

We maintain a reputation for fairness and integrity by treating every customer – from policy issuance to claim settlement – as we would want to be treated. It is easy to do business with us through our global network of offices staffed by Chubb underwriters, risk engineers and claims specialists. Our claims service is 24/7 with such service recently being recognised by winning the “Outstanding Insurer Claims Team of the Year Award”

Catering for a wide range of industries, including:

- Financial Institutions
- Entertainment
- Information Communications Technology
- Networking Companies
- Law Firms
- Life Sciences
- Museums and Cultural Institutions
- High Precision Engineering
- Healthcare (property)
- Commercial Real Estate
